HOOK POINTS

Hand Ground

BKK Hand Ground technology enables the hook to reach unprecedented levels of penetration and lightness. This process leaves the original needle point unaltered as the grinding begins a few millimeters above the point.

- Hand ground sides form a sword blade for reduced piercing resistance.
- Lighter hook structure by grinding areas with minimal stress.
- Reinforced in critical areas to prevent bending out.

Cutting Delta

The design concepts of the Cutting Delta point originate from the formation of a military sword.

- Razor sharp tip with leading edges designed to reduce surface contact area.
- Cold forging enhances the penetration performance while strengthening the structure.

Cutting Blade

The patented design concept of the Cutting Blade was derived from the sharp teeth of a shark.

- Penetrate hard jawbone with ease by piercing through and sliding between the bony parts of a fish's mouth.
- Excels in long-range fishing techniques for bottom dwelling fish with bony mouths.

Combat Point

The design of the CP hook point resembles that of an inverted T, greatly increasing the penetration performance.

- Utilizing three edges helps aid in piercing through the hardest mouths.
- The central edge reinforces the structure and aids in its overall strength.
- Designed for long-lasting performance even after dealing with rocky bottom.

COATINGS

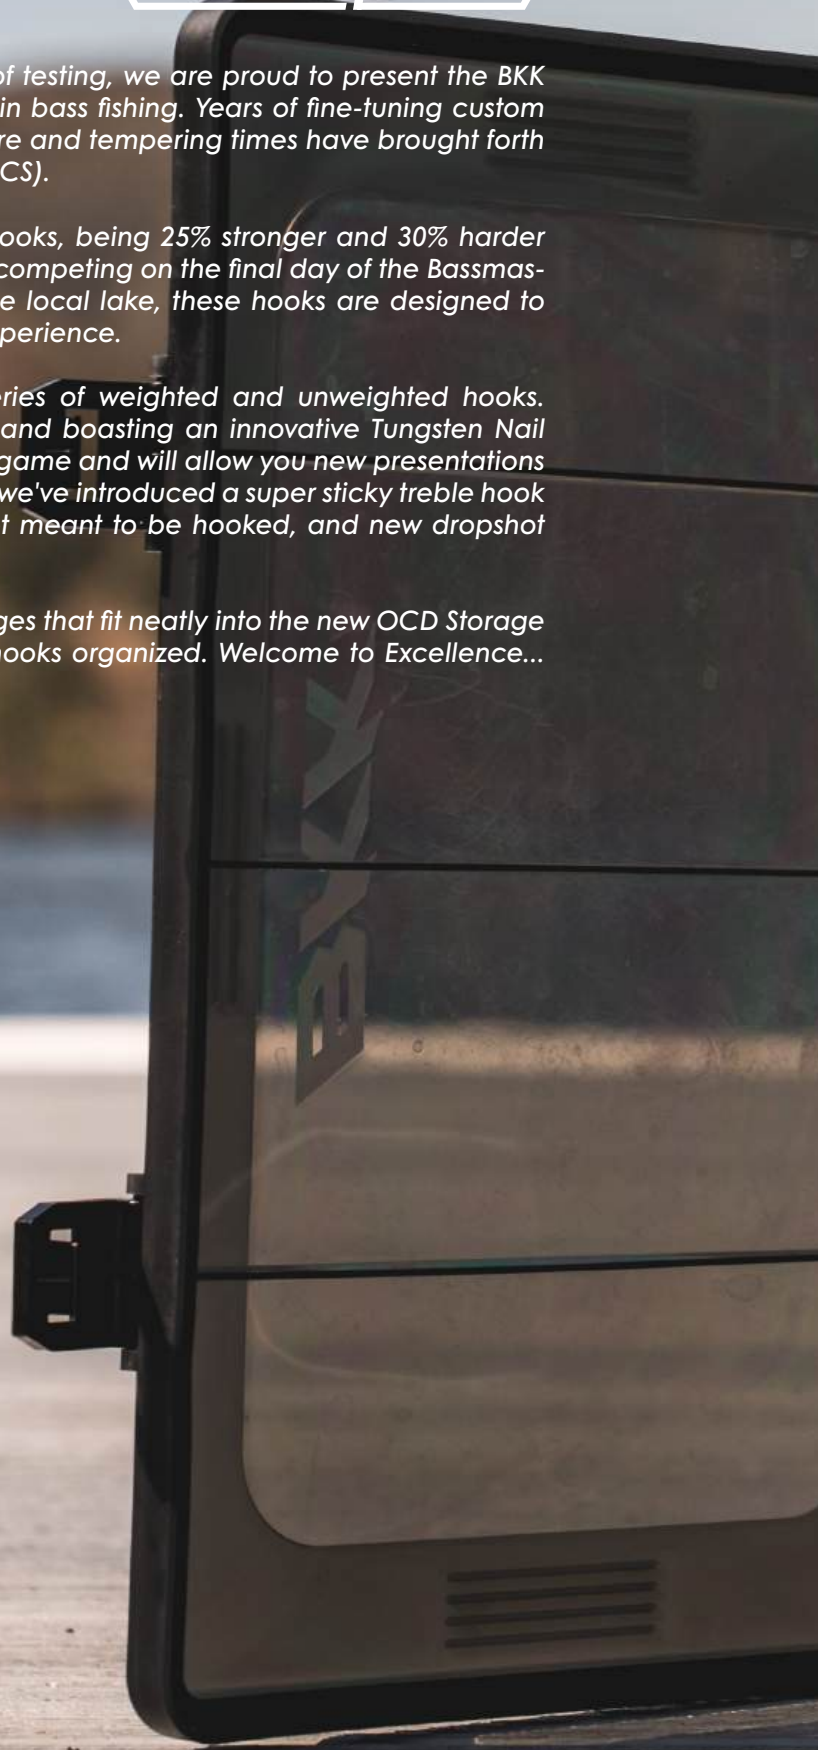

OCD TACKLE SYSTEM ft. **ARMORPOINT**

After 26,280 hours of development and 3 years of testing, we are proud to present the BKK ARMORPOINT series of hooks – a true revolution in bass fishing. Years of fine-tuning custom steel formulas and testing the perfect temperature and tempering times have brought forth our best-in-class material, Hyper Carbon Steel (HCS).

HCS outperforms traditional high carbon steel hooks, being 25% stronger and 30% harder than anything we've ever made. Whether you're competing on the final day of the Bassmaster Classic or enjoying a weekend session on the local lake, these hooks are designed to enhance, excel, and supercharge your fishing experience.

The highlight of this series is the Permalock series of weighted and unweighted hooks. Specially tailored for Senkos and soft jerkbaits, and boasting an innovative Tungsten Nail Keeper, these hooks will elevate your soft plastic game and will allow you new presentations which bass have never seen before. Additionally, we've introduced a super sticky treble hook that should be kept out of reach of anything not meant to be hooked, and new dropshot hooks that will redefine your finesse fishing.

All these hooks come packed in multi-use packages that fit neatly into the new OCD Storage System, revolutionizing the way you keep your hooks organized. Welcome to Excellence... Welcome to BKK!

OCD TACKLE SYSTEM

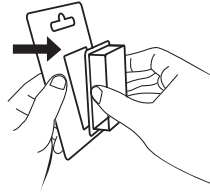

HOW IT WORKS

ARMORPOINT STORAGE BOXES

1

REMOVE THE ARMORPOINT HOOK STORAGE BOX FROM BACKER CARD

2

IF USING AN ACCESSORY BOX, LABEL IT WITH THE CONTENTS

3

INSERT THE ARMORPOINT HOOKS ACCESSORY BOXES INTO OCD STORAGE BOX

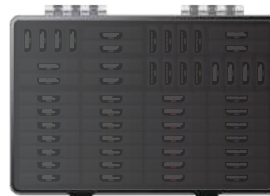

4

ORGANIZE THE WAY YOU WANT! WITH EASY ACCESS TO EVERY HOOK STYLE, SIZE, & WEIGHT

5

LATCH THE OCD BOX SHUT & YOU'RE READY TO GO!

6

OCD TACKLE SYSTEM - MEDIUM

The BKK OCD Tackle Storage System (Optimized Containment Device) is the ultimate companion for keeping your terminal tackle organized and ready to go. The BKK OCD tackle system ensures everything stays neat and easily accessible whenever you open your tackle tray. Crafted with durable polypropylene and featuring a soft gasket and strong latches, it keeps your gear secure, watertight, and protected from moisture. The BKK OCD tackle system is your ultimate companion for storage of ARMORPOINT hook and accessory boxes. The It supports up to 80 small boxes, 44 medium boxes or any combination of sizes in between and is perfect for storing smaller hooks and accessories.

OCD TACKLE SYSTEM - MEDIUM DEEP

The BKK OCD Tackle System is the ultimate solution for keeping your terminal tackle organized and ready to go. Designed for convenience, it ensures your gear stays neat and easily accessible every time you open your tackle tray. Constructed from durable polypropylene and featuring a soft gasket with strong latches, this system keeps your gear secure, watertight, and protected from moisture. The Medium DEEP OCD Tackle Tray provides a deeper storage option than the Medium OCD Tackle Tray making it ideal for anglers who need additional capacity. It holds up to 24 large boxes, 16 extra-large boxes, or a mix of both, making it perfect for storing larger hooks, accessories, or high-volume gear. Recommended for captains, guides, and professional anglers, the Medium DEEP OCD Tackle Tray keeps a wide range of tackle safe, organized, and protected from the elements.

OCD TACKLE SYSTEM - SMALL

Standard Packaging

Kit Solution

The BKK OCD Tackle System is the ideal companion for keeping your terminal tackle organized and ready to go. It ensures everything stays neat and easily accessible every time you open your tackle tray. Crafted from durable polypropylene and equipped with a soft gasket and strong latches, the system keeps your gear secure, watertight, and protected from moisture. The SMALL OCD Tackle Tray is perfect for anglers who need a more compact storage option. At half the width of the MEDIUM OCD Tackle Tray, it can hold up to 24 small boxes, 14 medium boxes, or a combination of both. It's ideal for organizing hooks and accessories in a more compact format. Recommended for anglers with limited storage—such as those fishing from kayaks, walking the bank, or wading creeks—the SMALL OCD Tackle Tray offers convenience without compromising on protection.

OCD TACKLE STORAGE SYSTEM - GIFTABLE BOX

NEW

The OCD Tackle Storage System Giftable Box is a premium, bass fishing-themed gift set designed to deliver a curated mix of functional gear and lifestyle items at an exceptional value. Built around the Size M OCD Tackle Box, this set combines practical storage with a selection of thoughtfully chosen accessories that reflect the spirit of modern bass fishing.

Inside, you'll find a mix of premium BKK hooks, an insulated water bottle, rod straps, and a 3D gift card—each item selected to complement the overall experience and make this box both fun to open and useful on and off the water. Everything is housed in a sleek, high-end presentation box, making it ideal for gifting without any additional wrapping.

Whether for holidays, special occasions, or brand promotions, the Giftable Box offers a unique way to share the BKK lifestyle through a well-balanced mix of fishing-focused essentials and everyday accessories.

TECHNICAL BASS HOOKS

Whether you're fishing weedless Texas-style or flipping and punching through heavy cover, BKK's technical bass hooks undergo thorough quality control to ensure a perfect hookup every time. Increase your hookup ratio with the Super Slide coating and extremely sharp needle point.

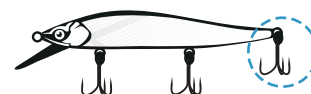

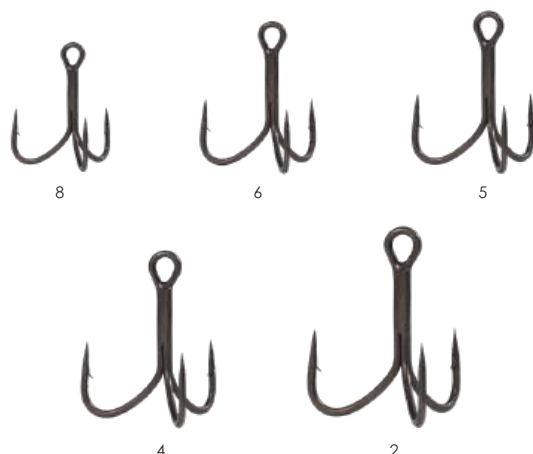

HYPERLATCH 70-SS UL

The BKK HYPER LATCH 70-SS UL is a light-wire treble hook specifically engineered to keep Jerkbait perfectly balanced and to allow for quicker and deeper hook penetration. Made with Hyper Carbon Steel (HCS), the wire is stronger than other traditional High Carbon Steel wires, providing the additional strength required to land big fish. The distinctive acute angle at the bottom of the hook dramatically improves the hook-to-landing ratio.

1. China Patent Application No. 202430341260X
2. China Patent Application No. 2024213040858

THE BKK HYPER LATCH 70-SS UL are designed and manufactured to increase the strength by 30%. This is the best upgrade for all suspending jerkbaits and finesse hard baits.

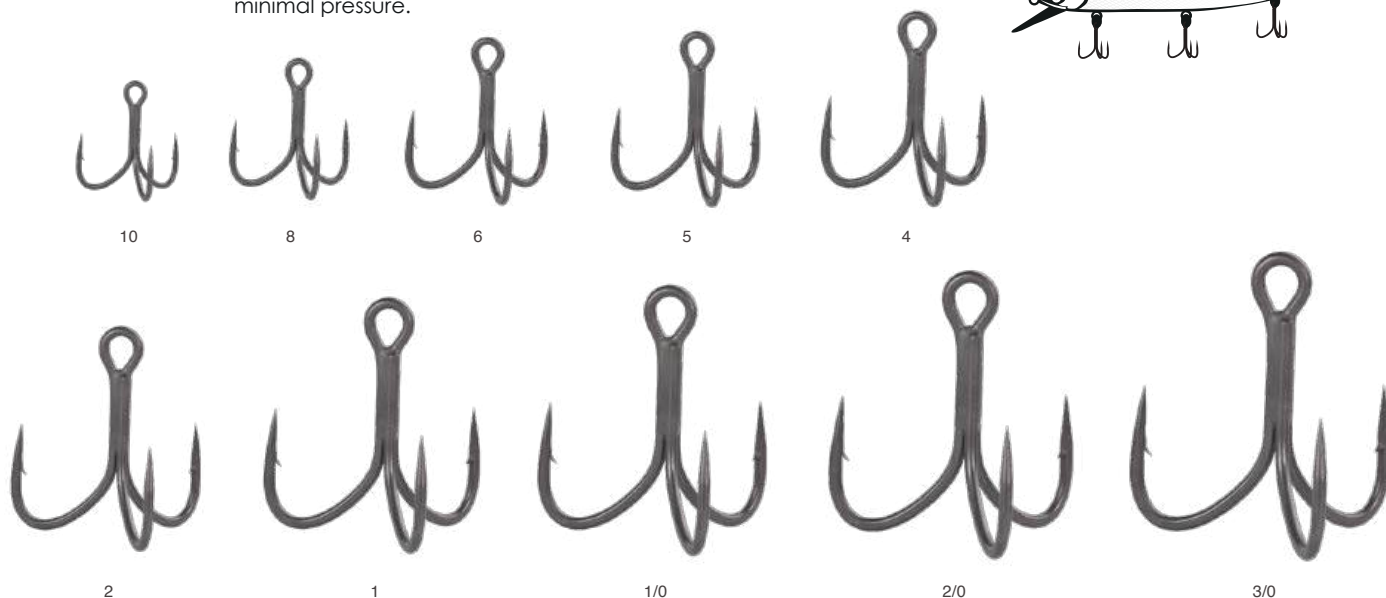

HYPERLATCH 71-SS

The BKK ARMORPOINT HYPER LATCH 71-SS is a medium-wire treble hook engineered to combine the hooking efficiency of a round bend hook with the strength and landing power of an O'Shaughnessy bend hook. Constructed from Hyper Carbon Steel (HCS), the ARMORPOINT HYPER LATCH 71-SS offers superior strength to traditional High-Carbon Steel hooks, adding the additional durability and strength needed to land trophy-size fish.

The ARMORPOINT HYPERLATCH 71-SS features BKK's proprietary Super Slide coating, enabling quicker and deeper hook penetration with minimal pressure.

HYPERLATCH 81-SS NEW

The BKK ARMORPOINT HYPER LATCH 81-SS is a medium-wire treble hook engineered to combine the hooking efficiency of a round bend hook with the strength and landing power of an O'Shaughnessy bend hook. It is specially designed to be equipped on crankbaits of all types. The shorter shank enables this hook to sit closer to the body of your lure, minimizing the impact on its swimming action and the chances of snagging. Constructed from Hyper Carbon Steel (HCS), the ARMORPOINT HYPER LATCH 81-SS offers superior strength to traditional High-Carbon Steel hooks, adding the additional durability and strength needed to land trophy-size fish. The ARMORPOINT HYPERLATCH 81-SS features BKK's proprietary Super Slide coating, enabling quicker and deeper hook penetration with minimal pressure.

PERMALOCK-HD

The BKK PERMALOCK-HD is an ultra-strong hook designed to handle trophy-sized fish and heavy drag settings. Its versatile design makes it ideal for various soft plastics, including swimbaits, senkos, flukes, toads, and craws, ensuring more effective hook sets. Equipped with a Super Slide (SS) finish and an extra-sharp needle point, this hook delivers exceptional penetration, maximizing hook-up rates. Constructed from Hyper Carbon Steel (HCS), its wire is significantly stronger than traditional High-Carbon Steel wires, providing superior durability and reliability.

PERMALOCK TUNGSTEN NAIL KEEPER

The BKK PERMALOCK TG NAIL KEEPER is the secret weapon for enhancing your fishing game with Permalock hooks. Crafted to give your bait a stealthy and natural glide toward the strike zone, and to allow for a horizontal presentation in the water column, ideal for forward-facing sonar fishing near structures. Made from tungsten, these weights are more compact than their lead counterparts, making them much easier to use on smaller soft plastic baits. Each weight features a sharp point and a fluorocarbon bait keeper, which makes for easy insertion and prevents the weight from sliding out, even while casting.

ELEVATE YOUR SOFT PLASTICS GAME

THIN WORM

SENKO

SOFT JERKBAIT

1. The BKK PERMALOCK TG NAIL KEEPER is not visible to the fish allowing for stealthy presentations.
2. The BKK PERMALOCK TG NAIL KEEPER increases the weight of the bait without affecting the overall shape, adding increased castability to finesse baits.
3. The PERMALOCK TG NAIL KEEPER helps to stabilize soft jerkbaits, and allows for fast, sub-surface and deep water, "walk the dog" retrieves.
4. The placement of the PERMALOCK TG NAIL KEEPER gives the bait a natural glide towards the strike zone, and entice fish to strike on the fall.
5. The PERMALOCK TG NAIL KEEPER, located in the front of the bait, allows for horizontal presentations in the water column which is ideal for fishing near structures using Forward Facing Sonar.

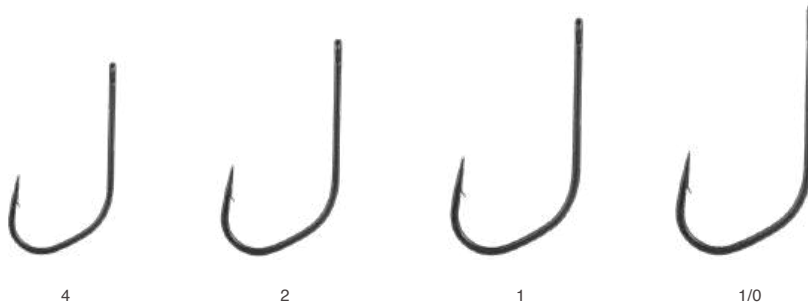

WACKY NEKO

The BKK WACKY NEKO is specifically designed for finesse fishing techniques and is extremely effective with Wacky and Neko rigs. Its light-gauge construction and Super Slide (SS) finish ensure effortless hook penetration, allowing you to capitalize on even the lightest bites. The WACKY NEKO is constructed using BKK's proprietary Hyper Carbon Steel (HCS) providing exceptional strength to handle large fish.

The hook eye is fully epoxy-sealed, preventing line slippage and providing a more secure connection for enhanced performance and added reliability when using braided line.

OFFSET WORM WG-HD

The BKK OFFSET WORM WG-HD is developed with an increased diameter to fish confidently in heavy cover and catch big bass. It features a wide gap that can accommodate virtually any soft plastic with plenty of room for a positive hookset. This hook is equipped with a Super Slide (SS) finish and an extra-sharp needle point to ensure excellent penetration performance, heightening the overall hook-up rate. Made with Hyper Carbon Steel (HCS), the wire is stronger than other traditional High Carbon Steel wires. The enhanced Z-bend makes for quick rigging and holds the plastics on the hook longer, reducing bait damage. Epoxy resin is also applied to seal the hook eye, ideal for fishing with braided lines.

DROPSHOT - LONG SHANK

The BKK LONG SHANK DROPSHOT is developed for finesse presentations and for rigging soft plastic worms. The bait keeper tied onto the shank provides consistently straight rigging and superior holding power. This hook is equipped with a Super Slide (SS) finish and an extra-sharp needle point to ensure excellent penetration performance, heightening the overall hook-up rate. Made with Hyper Carbon Steel (HCS), the wire is stronger than other traditional High Carbon Steel wires.

MOTHER FLUKER

The BKK MOTHERFLUKER is a baitholder-style hook designed specifically for soft plastics. Constructed from Hyper Carbon Steel (HCS), it offers superior strength compared to traditional High-Carbon Steel hooks, providing extra durability and power to handle trophy-sized fish.

Its laser-welded baitholder barbs securely anchor soft plastics in place, even through short strikes, ensuring better bait retention and maximizing bites. The MOTHER FLUKER features an ultra-sharp needle point combined with BKK's proprietary Super Slide coating, which allows for faster and deeper hook penetration with minimal pressure.

SWIMBAIT HOOKS

Discover BKK's Swimbait Hooks - the TitanRider, TitanDiver, and TitanDiver+. Trusted by leading lure manufacturers, these hooks are engineered for ultimate performance and durability. The TitanRider keeps shallow diving swimbaits horizontal, while the TitanDiver tracks medium-depth swimbaits smoothly, and the TitanDiver+ is perfect for deep diving swimbaits with its patented interchangeable weight system. All three feature BKK's advanced manufacturing techniques and Super Slide coating for corrosion resistance & increased penetration performance. Upgrade your swimbait game with BKK's Swimbait Hooks and experience their unbeatable strength and precision.

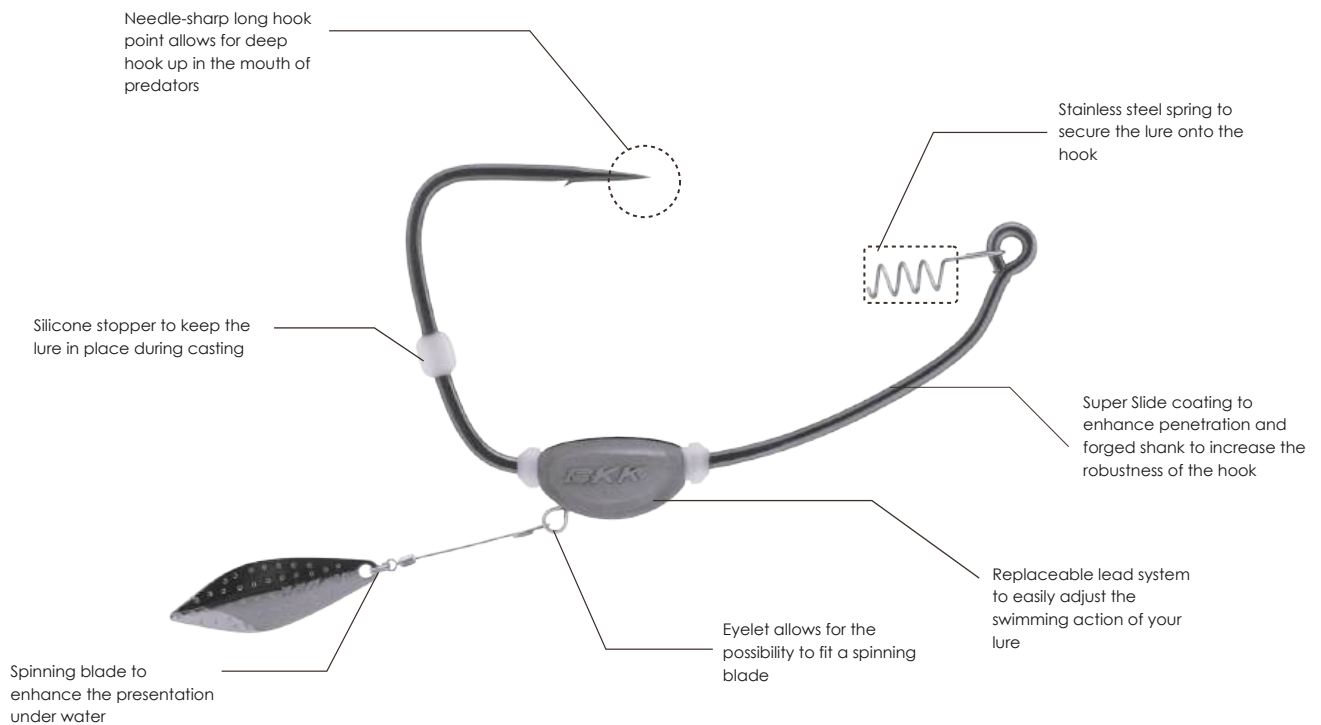

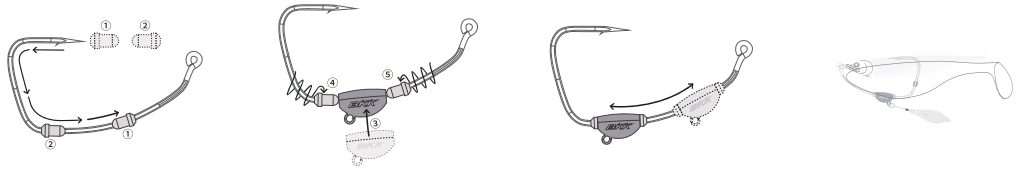

TITANDIVER+

The first member of the TITAN family was introduced just a few years ago and it soon became one of the most popular swimbait hooks for some of the biggest freshwater predator species. The fact it was bestowed the 2021 Good Design Award in Japan was a testament to the innovative features and design of the hook.

The more we used it, the more we thought about how to improve its set of features. In 2020 the TITANDIVER was born, stabilizing the swimming action and featuring a blade to enhance attractiveness.

In 2021 the latest generation of the TITAN series came to life: the TITANDIVER+, setting a whole new level for weedless lure fishing, from bass to bigger fresh and salt-water predators.

NEEDLE POINT

STANDARD BARB

SS
SUPER SLIDE

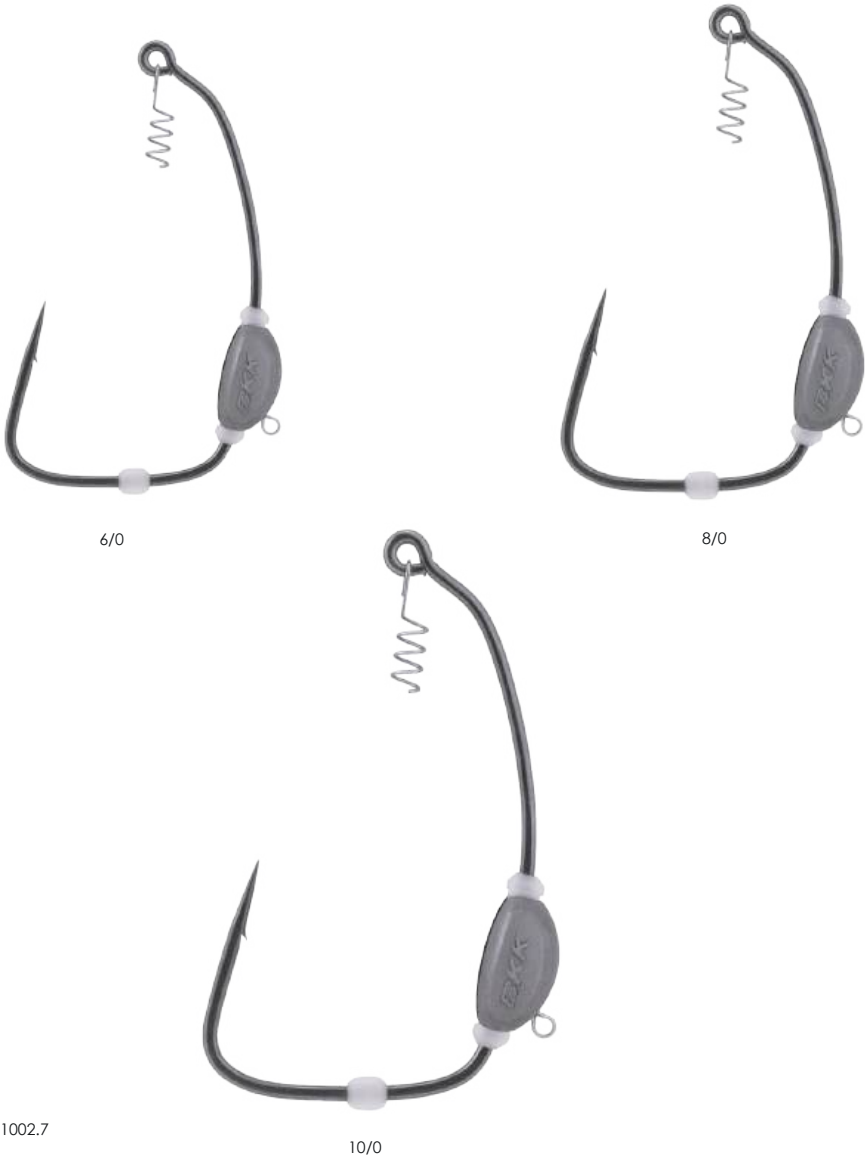

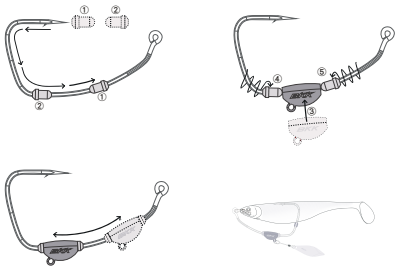

The BKK TITANDIVER+ is the ultimate evolution of the Titan series.

A breakthrough in the swimbait hook segments, the Diver+ inherits all the features of an ordinary TITANRIDER hook – Super Slide coating, needle point, spring and silicon stopper – enhanced with a simple, intuitive and effective lead – swapping system. The system offers many different combinations to add weight to your lure as the lead can slide on the shank, stimulating the creativity of anglers in adapting it to various fishing techniques and conditions.

The bottom eyelet on the weight allows for the addition of a blade to enhance the presentation of the lure.

TITANDIVER

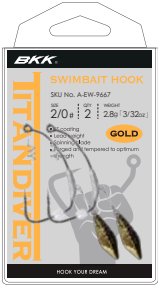

The BKK TITANDIVER is a new, upgraded version of the TITANRIDER, designed for weedless-style rigging of larger plastics. It features all the characteristics of the original TITANRIDER – a locking spring to secure the plastic lure, a silicone stopper to keep it in place and the super slide coating – boosted by the addition of a fixed lead to take the fishing action deeper in the water, scouting sunken structures where predator fish may dwell. The lead in turn features a stainless-steel ring to allow for the possible attachment of a spinning blade, improving the appeal of your lure.

TITANDIVER - GOLD

The BKK TITANDIVER is a new and upgraded version of the TITANRIDER, designed for weedless-style rigging of soft plastics. It maintains all the features of the original TITANRIDER, including a locking spring to secure the bait, a silicone stopper to keep it in place, and the Super Slide coating. In addition, it features a fixed weight that aids in presenting the lure down into the strike zone. The weight itself is equipped with a stainless-steel ring, allowing for the optional attachment of a spinning blade. The blade adds a fish-attracting flash, enhancing the appeal of the presentation. The gold color blade has been added to the lineup for its excellent visibility in low light conditions and stained/muddy water. Silver is better suited for brighter conditions and clearer water.

TITANRIDER

BKK TITANRIDER is designed for weedless-style rigging of small to large plastics like swimbaits, worms and tubes. A locking spring securely holds baits in place and allows angler to easily add or remove bait without damage.

The adjustable silicone stopper keeps soft plastics in place during casting whilst allowing for sliding down the hook when a fish strikes.

JIGHEADS

Ranging from 0.8x to 4x, our jigheads cover a wide variety of techniques for both fresh and saltwater. Each hook is carefully designed around the size and weight of the jighead for unmatched precision. Attention to detail sets BKK's lineup of jigheads apart, with each hook carefully inspected by hand.

REFRAX JIGHEAD

The BKK REFRACT Jighead is a high-performance jig head designed with a multifaceted profile, lifelike 3D holographic eyes, and custom paint finishes that accurately mimic various baitfish species—perfect for fooling even the most experienced predators. Its dual-wire bait keeper securely holds soft plastics in place without tearing, helping you extend the life of your bait. Crafted from Hyper Carbon Steel (HCS), the REFRACT Jighead offers enhanced strength and durability compared to traditional high-carbon steel, making it ideal for landing trophy-sized fish. A Super Slide (SS) coating and extra-sharp needle point ensure smooth penetration and maximize hook-up efficiency. Available in a range of weights and hook sizes, the REFRACT Jighead is perfect for both swimbait fishing and vertical jigging at various depths. For added convenience, weight and hook size are stamped on the belly for quick identification.

REFRAX UNDERSPIN JIG

The BKK REFRAK UNDERSPIN Jighead is a high-performance jig head featuring a multifaceted profile, lifelike 3D holographic eyes, and custom paint finishes that accurately mimic key baitfish species—perfect for triggering strikes from even the most selective predators. Its dual-wire bait keeper secures soft plastics without tearing, helping extend the life of each bait. Constructed from Hyper Carbon Steel (HCS), the REFRAK delivers superior strength and durability compared to traditional high-carbon steel hooks, making it ideal for targeting trophy-sized fish. A Super Slide (SS) coating and extra-sharp needle point ensure smooth penetration and maximize hook-up efficiency. To elevate performance even further, the blade is mounted on a high-spring titanium arm that flexes instantly on the strike for superior hook-ups, then snaps back to shape for consistent, long-lasting action. Paired with a ball-bearing swivel, the underspin blade rotates freely and smoothly, producing continuous flash and vibration at any retrieve speed. Available in a full range of weights and hook sizes, the REFRAK Jighead excels with swimbaits and in vertical presentations across multiple depths. For added convenience, the weight and hook size are stamped on the belly for quick identification.

HYPERLATCH ROUND HEAD TUNGSTEN

The HYPERLATCH ROUND HEAD Tungsten Jighead is engineered from high-density tungsten, delivering exceptional sensitivity and maximizing visibility on forward-facing sonar. Its precision laser-welded bait holder securely locks soft plastics in place, improving bait retention and increasing your chances of a successful hook-up. Built with Hyper Carbon Steel (HCS), this jighead offers superior strength and durability compared to traditional high-carbon steel hooks, giving anglers the confidence to target and land trophy-sized fish. A Super Slide (SS) coating and ultra-sharp needle point provide smooth, effortless penetration and optimized hook-up rates. Available in various weights and hook sizes, the HYPERLATCH ROUND HEAD Tungsten Jighead is ideal for fishing at multiple depths with different soft baits. For added convenience, hook size and weight are stamped on the side of the head for quick identification on the water.

Baitkeeper

Bottom ribs

The BKK Draggin'Ned is designed specifically for Ned Rig presentations. Features include BKK's signature SS coating and a sharp needle point for enhanced penetration, and an O'Shaughnessy forged bend to maximize strength. We elaborated further on the concept of a classic Ned head by adding a series of details that make this jighead unique: a recessed eye to reduce snags and protect the knot when fishing over rocky bottoms, a baitkeeper designed to fit both elastomeric and standard soft bait compounds, and ribs on the underside of the head for increased sensitivity when dragging the bait on the bottom. The final touch is on the head, where size and weight specifications are embossed for easy selection. The Draggin'Ned comes in two colors: matte green pumpkin and matte black. It also comes in a weedless version featuring a nylon guard. Two sizes available (1 and 1/0), weight range 1/16 - 1/4oz. All these details and combinations make the Draggin'Ned the ultimate jig head for finesse standup approaches with 4-10lb lines.

SILENT CHASER GLIDE`N SHAKE

1X

FORGED

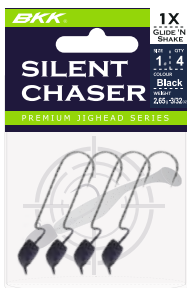

RING

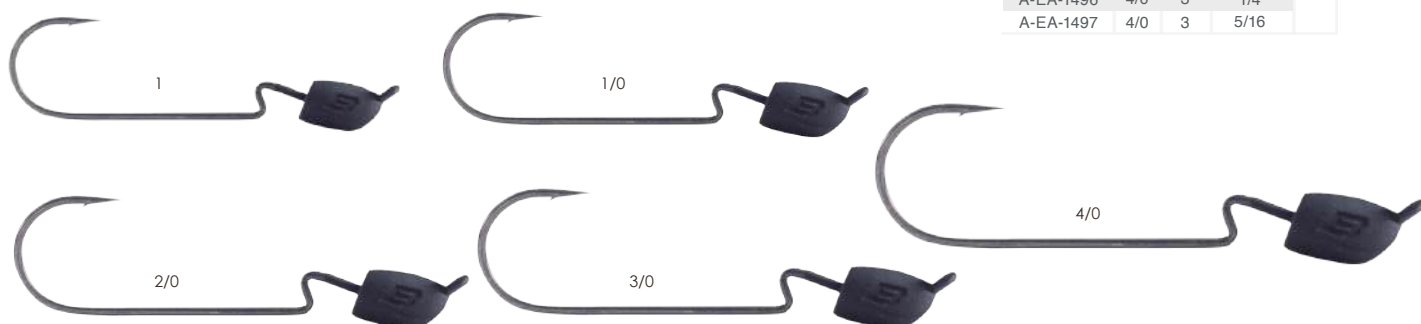

NEEDLE
POINT

STANDARD
BARB

The BKK Glide`N Shake is engineered to combine both gliding and shaking presentations. The innovative bullet-head design allows for an optimal gliding action during the descent towards the bottom, and a flat surface on the front edge of the head makes it ideal for stand-up and shaking presentations once on the bottom. Hook size and weight are embossed on the head for easy selection. The hook features the SS coating and a needle point to ensure excellent penetration performance and a forged shank for improved resistance. The offset design eases Texas rigging soft plastics for a completely weedless presentation. Besides, the orientation of the hook eye reduces the chances of snagging as opposed to an inline eye which is more likely to lean on one side rather than cross over the snag.

FEATHERED SPEAR 21-SS

1X

FORGED

BRAZED

NEEDLE POINT

STANDARD BARB

The BKK Feathered Spear 21-SS features natural feathers and reflective fibers to enhance the presentation of the lure. When added to the back of a topwater bait, crank-bait or spoon, they undulate and spread when pausing, enticing more strikes imitating a minnow's tail movement. The treble is our extensively-tested Spear 21-SS featuring a SS coating and needle point for excellent penetration. Feathers come in two different combinations: white and black/red. Binding thread is covered in epoxy resin to improve durability even after many strikes.

SPEAR EWG-71 SS

1X

FORGED

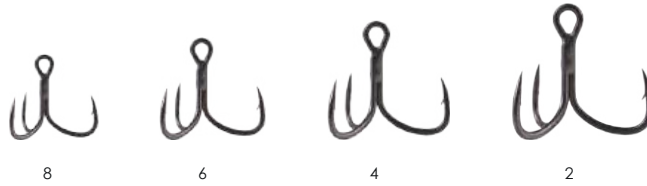

BRAZED

NEEDLE
POINT

STANDARD
BARB

The SPEAR EWG-71 SS is a 1X-strength treble hook specially designed to be equipped on crankbaits of all types. The shorter shank enables this hook to sit closer to the body of your lure, minimizing the impact on its swimming action and the chances of snagging. The inward-looking points and the EWG (Extra Wide Gap) design reduces the chance of pulled hooks without affecting the hook-up rate. The SPEAR EWG-71 SS features BKK's signature SS coating that ensures smooth hook-ups and maintains the hooks' sharpness over time.

DUOLOCK SNAP SWIVEL-51

The BKK DuoLock Snap Swivel 51 features our original DuoLock Snap and a smooth-rotation stainless steel swivel to avoid torsional forces applied on the line. Thanks to the robustness of the stainless steel, even smaller swivels are equipped with remarkable strength, being able therefore to endure the pull of fairly big fish.

IWS LEAD

Featured in the Titan Diver+, these leads are used to change the swimming action and the swimming depth of your weedless rig according to the fishing conditions. Replacing these leads on the shank of the Titan Diver+ is extremely easy and intuitive, allowing for many swimming options with the same weedless hooks. They come equipped with the silicon pins needed to secure them onto the hook.

TEASER BLADE WS1

The BKK Teaser Blade WS1 is designed to boost your weedless presentation using the Titan Diver and the Titan Diver+. We chose a slimmer profile compared to most of the blades on the market to minimize the chance of snags, at the same time maintaining a smooth spinning action. Enticing flashes are boosted by the hammered finish of the blade's surface. The connection system lastly is super easy, allowing for a quick and easy replacement.

Flexible material that offers excellent elasticity.

Velcro with rounded edges to secure the wrap and prevent rod scratching.

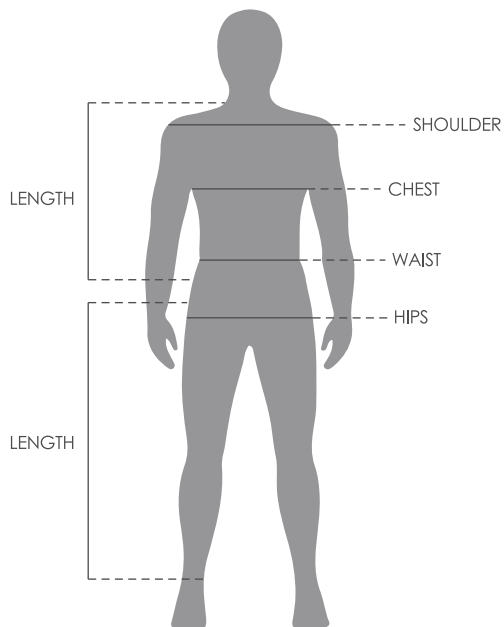

APPAREL

BKK's line of clothing includes pieces of apparel specifically designed to enhance your fishing experience, shielding from wind and rain or protecting from heavy sun and providing breathability during your fishing expeditions. It also includes casual apparel to complement your everyday outfit.

SIZING GUIDE

NOTE:

All apparel is all listed in European sizes.

USA sizes are +1 size larger than listed.

Example: Size Large listed in catalog is USA size Medium. USA customers should buy +1 size UP for proper fit.

HOODED LONG SLEEVE PERFORMANCE SHIRT

The new and upgraded BKK Long Sleeve Performance Shirt now comes in a hooded version for added coverage to protect your head and neck from intense sunlight. The fabric provides ultimate UV protection (UPF 50+) and quick drying for all-day comfort. The thumbholes keep the sleeves in place, and the mesh panels on both sides of the body provide excellent side and pit venting to keep you cool. The new camo pattern offers a stylish on-the-water fashion for the most avid anglers.

HEAVY RAIN JACKET-BLACK/CAMO NEW

Engineered to keep anglers dry and comfortable through day-long downpours, the BKK Heavy Rain Jacket combines rugged durability with all-weather protection. Built from a tough DWR-treated fabric with a 15K/10K waterproof and breathable rating, it shields against wind and rain without sacrificing comfort. A YKK water-repellent heavy-duty front zipper and internal storm cuffs lock out unwanted moisture, while its ergonomic cut ensures unrestricted movement on the water. Finished with subtle camo accents, this jacket is designed for anglers who demand performance and style in the harshest conditions.

RAIN BIB-BLACK/CAMO NEW

Designed to keep you dry and comfortable even during the heaviest downpours, the BKK Rain Bib is built with a durable three-layer construction and delivers a 15K/10K waterproof and breathable rating for ultimate weather protection.

Equipped with YKK water-repellent heavy-duty zippers and adjustable shoulder straps, it ensures a secure fit while preventing moisture from seeping in. A fully adjustable waist provides added comfort, while reinforced knees and back panels enhance durability for long-lasting performance.

For convenience, strategically placed waterproof pockets keep essentials safe and dry, while reflective logos improve visibility in low-light conditions. Finished in sleek black with subtle camo accents, the BKK Rain Bib delivers rugged style to match its functionality—allowing anglers to stay focused on fishing, no matter the weather.

O³ SHIELD

The BKK O³ Shield fishing gaiter is specially developed to provide full protection of both face and neck when fishing under extremely hot sun. The OZONE SHIELD fabric technology undergoes a special UV blocking treatment that enhances the body's ability to maintain perspiration and provides ultimate UV protections by up to UPF (Ultraviolet Protection Factor) 50+ against excessive UV radiations that can harm your skin. This, combined with vent holes over the mouth and nostrils, prevents the heat of your breath from clamming up the inside of the mask, fogging your lenses. Besides, high stretchability along with an innovative design allow for complete freedom of motion and comfort.
